Inside Answers

Interactive cards where the answers are inside!

3-Letter Words

Includes:

Set of 10, double-sided, self-checking cards

Inside Answers 3 Letter Words is an innovative card set for young children. They will learn and practice 3 letter words, consonant vowel consonant, and short vowels words.

How to Use:

Each card is double-sided and includes a variety of words for each vowel sound. Real-life images match each word. The beginning letter is given on the left and the ending letter on the right. First, children should look at the images and the letters given to figure out which vowel completes the word.

Now the fun begins! Children slide the cards open to reveal the missing vowel. The cards pull out straight so it is easy for the children to blend the letters and say the word.

Extension Activities:

- After working with a card, challenge children to come up with other three-letter words that have the same beginning and ending letters as the card.
- Take a card and discuss short vowels. Talk about what sound each short vowel makes and then use the cards as examples.

Learning three-letter words is so much fun with Inside Answers!
