# SIGHT WORD BINGO

Players learn to identify common sight words that are necessary to learn in order to understand sentences. Sight words are common words used which can not be shown through the use of pictures. Learning sight words will help improve and build confidence in children's reading ability.

## Sight Words

## Contents

- 4 Bingo Cards
- Spinner
- 36 Markers

## Object of the Game

To be the first player to cover three spaces in a row with markers.

**Note:** This game is best played if the spinner is an adult or a student who can read.

## Playing the Game

Each player selects a bingo card. Players may fill their free center space with a marker. The teacher or student spinner begins by spinning the arrow. The spinner reads the word the arrow stops on. All players check their cards to find this word on their card. If a player has the word on their card, they should cover the word with a marker. Players may cover one match per turn. The same spinner spins again.

The first player to cover three spaces in a row, in any direction, wins!
