Day 1

Fill in the missing number in the number sentence.

\[ \begin{array}{ccc}
\text{Fish} & + & \text{Fish} \\
\text{Fish} & + & \text{Fish} \\
\text{Fish} & + & \text{Fish} \\
\text{Fish} & + & \text{Fish} \\
\end{array} \]
Day 1 (continued)

Write the number sentence. Draw a picture. Solve the problem.

1. Ana has 14 marbles. 6 are red. The rest are green. How many green marbles are there?

   

2. There are 9 puppies. Some puppies are boys. 4 puppies are girls. How many boy puppies are there?

   

3. There are 5 apples on the table. Some apples are red. 1 apple is green. How many red apples are there?

   

4. There are 8 stools in the classroom. Some stools are tall. 7 stools are short. How many stools are tall?

   

Day 2

Draw a picture. Solve the problem.

1. Kara has 12 shoes. Ciara has 5 shoes. How many fewer shoes does Ciara have than Kara?

   Ciara has ______________ fewer shoes than Kara.

2. Bill has 10 red pens and 15 blue pens. How many more blue pens than red pens does Bill have?

   Bill has ______________ more blue pens than red pens.

3. The cat has 4 balls of wool. The cat also has 6 toy fish. How many fewer balls of wool than toy fish does the cat have?

   The cat has ______________ fewer balls of yarn than toy fish.

4. My mum eats 15 carrots and 10 pieces of celery for dinner. How many more carrots than celery does she eat for dinner?

   My mum eats ______________ more carrots than pieces of celery for dinner.
Day 2 (continued)
Draw a picture. Solve the problem.

1. Ben has 5 books. Steve has 7 books. How many more books does Steve have than Ben?

   Steve has _________________ more books than Ben.

2. Sara’s dog has 15 toys. Dara’s dog has 7 toys. How many more toys does Sara’s dog have?

   Sara’s dog has _________________ more toys than Dara’s dog.

3. Mr. Smith has 20 desks in his classroom. Mr. Rock has 13 desks in his classroom. How many fewer desks does Mr. Rock’s classroom have?

   Mr. Rock’s classroom has _________________ fewer desks than Mr. Smith’s classroom.

4. Raqi eats 4 carrots for lunch. Paul eats 13 carrots for lunch. How many fewer carrots does Raqi eat for lunch?

   Raqi has _________________ fewer carrots than Paul for lunch.
Day 3

Fill in the missing number in the number sentence.

\[ \begin{array}{ccc}

\end{array}
\end{array} \]
1. 14 apples are in the kitchen. This week, I eat some apples. Now there are 9 apples left in the kitchen. How many apples did I eat this week?

I ate ____________ apples this week.

2. There are 5 books on the shelf. Ada puts some more books on the shelf. Now there are 15 books on the shelf. How many more books did Ada put on the shelf?

Ada put ______________ more books on the shelf.

3. There are some pillows on the couch. I take off 3 pillows. Now there are 4 pillows on the couch. How many pillows were on the couch before?

There were ____________ pillows on the couch before.

4. There are some coins in my piggy bank. I put 12 more coins in the piggy bank. Now there are 16 coins in my piggy bank. How many coins were in my piggy bank before?

There were ________________ coins in my piggy bank before.
Day 4

Fill in the missing number in the number sentence.

\[ \square + \square = \square \]

\[ \square - \square = \square \]

\[ \square - \square = \square \]

\[ \square + \square = \square \]
Day 4 (continued)

Draw a picture. Solve the problem.

1. There are some kids at the playground. 9 kids go home for dinner. Now there are 9 kids left at the playground. How many kids were at the playground before?

There were ____________ kids at the playground before.

2. There are 3 snowmen in the yard. I build some more snowmen. Now there are 11 snowmen in the yard. How many more snowmen did I build?

I build ____________ more snowmen.

3. There are some dogs in the park. 5 more dogs join. Now there are 13 dogs. How many dogs were at the park before?

There were ____________ dogs at the park before.

4. 10 sweets are in the kitchen. This week, I ate some sweets. Now there are 4 sweets left in the kitchen. How many sweets did I eat this week?

I ate ____________ sweets this week.
Day 5

Fill in the missing number in the number sentence.

[Diagram with fish symbols for each number sentence]
Day 5 (continued)

Fill in the missing number in the number sentence.

\[ \quad + \quad + \quad = \quad \]

\[ \quad + \quad + \quad = \quad \]

\[ \quad + \quad + \quad = \quad \]

\[ \quad + \quad + \quad = \quad \]

\[ \quad + \quad + \quad = \quad \]

\[ \quad + \quad + \quad = \quad \]
