s s s
Adaptations help animals survive. Wings are an adaptation; they help some animals move toward food, toward comfortable climates, or away from danger. Look at the animals below. Circle the letter next to the animals that have wings to help them move.
Look at the groups of letters below.
Circle the group of 3 letters.
Underline the group of 4 letters.
Put a star next to the group of 2 letters.
Put an X through the group that has 1 letter.
How many letters are in the remaining group? _______
