Print 2 or 3 copies. Cut out cards on dashed lines.
An Early Learning Game

Includes:
• Game board
• Game cards: colors and shapes, numbers 0–10
Note: Find 4 objects to use as game pawns

Object of the Game:
Be the first player to go around the playground, return to class for snack time, and win!

Setup:
• Tape game board together, cut out cards (colors & shapes for Level 1; numbers for Level 2).
• Each player chooses a game pawn and places it on Start.

How to Play:
Level 1: Colors & Shapes
1. The youngest player goes first. Choose a color/shape card.
2. Identify the color or shape on the card, and move to the next open matching space on the board (note: if the matching space is occupied by another player, move ahead to the next matching space). Play continues to the right.
3. If a player lands on a slide space, follow the dots to move forward or backward.
4. If a player lands on a merry-go-round space, jump on the merry-go-round and get off at the next merry-go-round space. The merry-go-round can send you forward OR backward several spaces.
5. To win, be the first player to land on Finish by drawing any color or shape. Congratulations—you get to pick a delicious snack first!

Level 2: Counting
1. Use your number cards.
2. Game play is the same as in Level 1, except this time, you draw cards and count spaces to move forward. Multiple players can share the same space, so look at the board closely!
3. If you draw a 0, let the next player draw. Your turn will come again soon! If you draw a double arrow, switch places with any other player.
4. To win, draw any number large enough to get you to the Finish space. If you are three spots away from Finish, for example, and you draw a 5, you are the winner since 5 is greater than 3.

WARNING:
CHOKING HAZARD - Small parts. Not for children under 3 years.
