Games

Smart Toss

Color Mixer
1. Set up the board with the color side facing up.
2. Each player takes three bean bags: one red, one yellow, and one blue.
3. Take turns throwing the bean bags, and try to make one or more of the following color mixes:
   - Red bag into yellow hole = orange mix
   - Yellow bag into blue hole = green mix
   - Blue bag into red hole = purple mix
4. Each successful color mix earns 1 point.
5. After all bags have been tossed, the player with the most points wins.

Odds & Evens
1. Set up the board with the numbers side facing up.
2. Each player takes five bean bags, and chooses if they will be odd or even numbers.
3. Take turns throwing the bean bags, one at a time, into the odd or even numbered pockets.
4. If a bean bag lands in your opponent’s pocket, remove the bag and put it out of play.
5. Once all 10 bags have been tossed, see who has filled the most pockets (odd or even).
6. The player who fills the most pockets wins!

Feed the Alien! (2–3 player game)
1. Set up the board with the “free play” side facing up.
2. For a 2-player game, each player takes 5 bean bags. For a 3-player game, use 4 bean bags each.
3. Each player chooses one of the 3 aliens to be their own.
4. On a count of 3, players begin tossing their bean bags at the same time.
5. Once all bean bags have been tossed, count to see whose alien has the most bean bags in their hole.
6. The player who feeds the most bean bags to their alien wins!
