COLORS & SHAPES!

2-4 Players

Directions

- Use the shape cards and one color marker for each player.
- Place markers on Start. Shuffle the game cards and pick a card. Move ahead to the next space that shows the shape in the color you picked. For example, if you draw a green circle card, you must move to the next space that has a green circle in the picture.
- The first player to the finish wins.
Cut out the Game Markers and Game Cards on the dotted line.
