2-4 Players

Directions:
- Use the Word Construction Blend Cards and markers.
- Each player chooses one color marker, and places it on its matching start space.
- On your turn, draw a card. Use the blend card drawn with the word ending on the space next to your start. If you can make a word, move to that space.
- Try the same blend card with the word ending on the next space, moving clockwise.
- Continue moving clockwise using the same blend card to make words until you can no longer make a word. Your turn is over.
- The next player draws for a blend card and makes words.
- Be the first player to return to your start and win.
Cut out the Game Markers and Game Cards on the dotted line.
